## THE TV MINISTRY OF HARVEST FELLOWSHIP INTERNATIONAL

When this ministry started in 1994, I had a desire to be on the radio. I never seriously considered TV. A full twenty years later, in Jerusalem, the Lord spoke to me about today's media. TV expenses are prohibitive – but God made a way! We found videoing overseas to be incredibly cost-effective. Today, we want to share what's happening and ask for your support.

### 1) NEW CHRISTIAN TV

Our telecasts on *New Christian TV* reach 37 Countries plus parts of five others. This includes Israel and Iran. *Harvest Fellowship's* satellite Company is considered one of the biggest in the world. Our half-hour show, "*God's Prophetic Word*," is aired five days a week. The production is very professional with a dedicated staff.

We teach the Word of God but also allow for the Holy Spirit to move; mainly thru a word of knowledge or prophesy. How all this happened is humbling & exciting. Amazingly, 2023 already marks our 3<sup>rd</sup> year on TV!

*The cost for airtime (not counting production costs) for 2023: \$14,400*

### 2) SHOMER TV

We're thrilled that our ministry is blessing Jewish people! That's a priority for us. The word '*shomer*' is Hebrew for 'watchman.' SHOMER TV is a ministry of the *Kiev Jewish Messianic Congregation*, believed to be the world's largest Messianic Congregation. This outreach was formed in 2020 as a response to the Covid 19 pandemic specifically designed to reach Messianic Jewish believers and those interested.

SHOMER TV reaches 24 Countries. Most overlap with the above, with the addition of five different countries including the United States and Canada. Since its inception, SHOMER TV has recorded over 1.3 million 'hits.'

*The cost for airtime (not counting production costs) for 2023: \$4,800*

### 3) BIBLE SCHOOL

Three weeks ago, out of nowhere, I was asked to prepare a special, one-hour teaching for the *International Bible School* now located in Warsaw, Poland, on the topic "*Intimacy with the Holy Spirit*." I am always honored to be asked to share His Word. This Bible school has an on-line audience of four thousand students.

It was a pure joy to prepare a sermon on such an important and profound subject. This teaching is scheduled to be shown on Friday, March 31<sup>st</sup>. Additionally, it will be used on both *New Christian* and SHOMER TV.

*Production costs for our entire 2023 TV Ministry: \$5,000*

## THANK YOU

In the past, we have been overwhelmed by the faithfulness of YOU, God's people. One of *Harvest's* major goal for 2023 is to strengthen our TV ministry. So far, we've made progress, but much work is ahead. We're 'tuned-in' to Ukraine, but our vision is to reach ALL countries. I leave for Mexico in two days. TV is a means to an end. One ministry among so many. Still, God has HIS plans. And His ways are higher than ours (IS 55:9).
